## **2015 Senior Games / Golf Information**

Wednesday, August 26, 2015

7:00 AM – 1:00 PM

Sierra Sage Golf Course

Cost: SSG Reg. \$25 plus \$30 for golf event

Host / Bob Forse – [forser@reno.gov](mailto:forser@reno.gov) / 775-334-2366

Golf is a sport played by millions of people. The goal is to hit a golf ball from the teeing area to the green via the fairway and get the ball in the hole on the green in as few of strokes as possible. Golf is traditionally 18 holes and most often is played as an individual sport. Team sports include Best Ball; where two players play their own ball from teeing area to green and the lowest individual score is the team score for that hole and Scramble; where two player both hit a shot from the same place and then select the players ball that is in the best position and play the next shot from that position, continuing until the ball is holed on the green.

Golf can be played by all ages simply by adjusting the length that a player must play between tee and green. In most cases, the longer the course, the harder the game. Most golf facilities ask players to play in 4 ½ hours or less. During this tournament we will be monitoring and enforcing this rule to ensure that we don't disrupt others that may be behind us.

The Senior Summer Games Golf Competition will be broken down to two divisions – beginner and advanced. Please choose the division that best suits you to ensure that everyone has a great time. It is the player's responsibility to provide their own partner. In the event that you don't have a partner, we will try to pair you up. Rental clubs will be available at the course for an additional fee.

**BEGINNER DIVISION / 2 person team / Scramble Format / Special Tees** – players in this division have limited experience playing golf. Players in this division will play from a set of forward tees commonly referred to as Family Tees. Each player in a two person team will “tee off” and the best shot of the two players will be selected. From that new position, both players will hit a shot from within one club length of the original shot and the team will pick the best of those shots, and then play from that shot. Play will continue in this format until the ball is in the hole or until the team has hit a total of seven (7) shots. Once a team has hit seven (7) shots, they should pick up their balls and move to the next teeing area and record 7 as the score for that hole. Scoring will be based on the Stableford System – shots over 7 will neither help nor hurt the team score.

Teams may be man-man, man-woman or woman-woman. All players will play from the same forward tees. Teams will be broken down into age groups based on the lowest age of the two players. The winner will be the team with the lowest team score in their age group at completion of play.

**ADVANCED DIVISION / 2 person team / Best Ball Format / Men from the silver tees – Women from the red tees** – players in this division should have some experience playing golf on their own. Men will play from the silver tees and women from the red tees. Each player will play their own ball to the completion of the hole. Once a player reaches double bogey (two (2) over par) they should pick up and move to the next hole. The team score will be the lowest individual hole score for the two players. Scoring will be based on the Stableford System – shots over double bogey will neither help nor hurt the team score.

Teams may be man-man, man-woman or woman-woman. Teams may be separated by team composition depending on number and type of entries. Teams will be broken down into age groups based on the lowest age of the two players. The winning team will be the team with the lowest gross score in their age group at completion of play.
